---

Please note that the instrument and accessories are loaned to a student as long as they are actively participating in a school music program and the instrument remains the property of The Williamsburg Symphony Orchestra (WSO). The instrument must be returned to the WSO if the student ceases participating in the music program, moves out of the W-JCC area or graduates from high school.

If the instrument is damaged, the parent must notify the WSO immediately to see if a repair can be made.

---

I understand the terms of this instrument loan and will ensure my child treats the instrument with care so it remains in good working condition.
